

Vision Assessment

Exercise One: Where are we? Where do we want to end up?

We need to improve **project** management practices because (*describe the symptoms you are experiencing*):

When we have improved our **project** management practices, (*describe how the improved organization will behave*):

We need to improve **program** management practices because (*describe the symptoms you are experiencing*):

When we have improved our **program** management practices (*describe how the improved organization will behave*):

We need to improve **portfolio** management practices because (*describe the symptoms you are experiencing*):

When we have improved our **portfolio** management practices, (*describe how the improved organization will behave*):

Great job! Now we know where we are and where we want to be. Just for fun - see if you can recall that happy working environment we envisioned back on page one. Don't we want to go there? Let's go!
